DEAR HIRING MANAGER,

I am writing to express my interest in Software Engineer Intern. I am a highly motivated computer science student with a passion for technology and programming. Having had extensive experience in designing, developing and testing large, scalable, complex systems, I am confident that my skills along with my strong academic performance make me a good fit for this opportunity.

My coursework combined with my experience as Full Stack Developer intern has exposed me to working with cross-functional teams and has provided me with a great foundation of knowledge and skills in software design and programming concepts; not to mention the importance of effective communication with both technical and non-technical audiences. I learn new processes quickly and am confident in expressing new ideas. I excel at software engineering, designing Full Stack software applications, well written programming code's in object oriented programming languages as well as database design and management which are demonstrated from my projects. I'm a person who has the desire to learn new tech stack with high energy and have a lot of ambition to succeed.

I am excited to be working in the field of software development, and I am eager to contribute my knowledge and skills to the world of computing. I am always enthusiastic to learn about upcoming technologies and to explore new possibilities. I believe that my passion for software development, coupled with my expertise, will make me an asset to any project I work on. I am eager to work with a team of talented software developers and to continue developing my skills in a fast-paced, dynamic environment. I am confident that I have a strong analytical aptitude for problem-solving skills, excellent written and oral communication skills and willingness to learn from teammates. I am excited about the opportunity to work on real-world projects either in person or virtually and to design wide production code in a fast-paced, quality-driven environment.

Thank you for considering my application. I look forward to the opportunity to discuss my qualifications further in an interview. I believe that I can be the Software Engineer Intern you're looking for and welcome the opportunity to speak with you at your earliest convenience.

Sincerely,  
Haris Gunasekaran
